COMMERCIAL • RESIDENTIAL • INDUSTRIAL

including our easilite smart bluetooth dimming module
Easilite 1.0 is an easy-to-install lighting module that transforms existing lighting into a smart lighting system that is controlled by a smart device through Bluetooth connectivity. Easilite uses mesh network technology so each Easilite module also acts as a repeater. Longer ranges can be achieved by using multiple Easilite units.

3 Simple Steps

- Connect first fitting to load
- Connect module to mains
- Pair with the Easilite App and dim your lights with ease.

With a newly developed, sleek design, Axis LEDs have been independently fire tested for 30, 60 and 90 minutes. Axis is one of the few down-lights on the market which does not use an intumescent material. Complete with loop-in loop-out push-fit terminals, this fire rated down-light gives a true halogen appearance.

**Key Features**
- IP65
- 6W dimmable LED Down-light
- 30, 60 and 90-minutes fire rating
- Loop-in / loop-out push terminals
- 38° beam angle
- UKAS accredited and tested
- Range of die-cast attachments available
